Plum Newsletter - December 2020

As a person who enjoys the great outdoors, I often say that the best view comes after the hardest climb, and what a climb 2020 has been.

As the year comes to an end, all at Plum are ready to support your software needs into 2021; a new year and a new view.

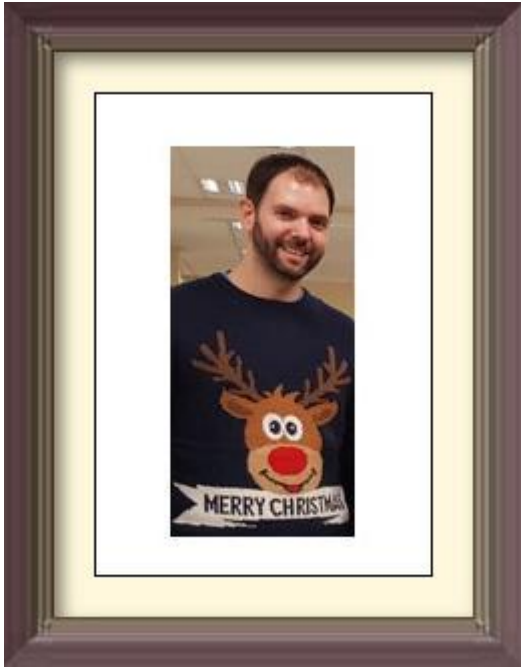

Christmas opening hours

Christmas appears to be arriving earlier than normal this year with Christmas decorations glistening outside many homes for a few weeks now.

We are pleased to confirm that the Support team will be available over the holiday period (except for Bank Holidays) however, there will be limited Plum staff available on the following dates:

29th, 30th and 31st December, 09:00 – 17:00

Meet the Team

So, what has been happening within the Plum team over the past few months - in November we celebrated the work anniversary of Stewart Turner, who has been with the team for 5 years!

'Congratulations' to Stewart, who is a member of our Implementation and Training team.

I and the team at Plum wish you a safe and Happy Christmas and New Year.

It's time for us all to embrace some well-deserved time off to indulge in the festive spirit... whether it's over-eating, watching terrible movies, playing board games or spending quality time with loved ones.

We thank you for all your support throughout the year and we very much look forward to working with you in 2021.

As always if you have any questions then please let us know!

Janine and the Plum Team
